

## Finance Manager (Netherlands)

---

### About the job

#### Who we are:

Corpog is a dynamic and international boutique trust and corporate services provider. Our goal is to remain relatively small-scaled, so that we can continue to distinguish ourselves with the personal services we offer to our clients.

Though legislation varies in different countries, Corpog's ethical code is strict and equal worldwide. We are very happy to help companies and private individuals that are, just like us, entrepreneurial, transparent and earn their money in a sustainable and responsible manner. We are here to optimize their business and be part of their success.

At Corpog we put high emphasis on our ESG policy, by always focusing on people and the environment, in anything we do. This drives us making clear and transparent choices on the industries and clients we want to work with. As we have been a successful and healthy company for close to 50 years and as making money is not our main goal, we are in a privileged position of being selective in which type of client we want to work with.

#### How we see you:

As Finance Manager at Corpog you will work at Corpog's HQ in Amsterdam (Zuidas). You will become one of the approximate 30 team members of our Amsterdam office. However, as part of a global team, you will work with other offices globally on a daily basis. For this function the aim is to recruit a highly ambitious representative individual who is capable to provide quality service for our client accounting.

You like to ensure availability of high quality financial statements, company tax returns and VAT returns. Primarily you will be responsible for the financial compliance of financial statements of clients with (Dutch) Gaap and tax law. You will cooperate closely with a team of finance managers and report to the CFO.

You have an above average interest in Financial Accounting and Tax. Dutch Accounting standards (Dutch GAAP, RJ) have no secrets for you. Preferable you have knowledge of international (IFRS) or foreign standards, VAT and corporate tax.

#### What you should (ideally) bring:

At Corpog we attach great value to the competences of our employees. We expect you are familiar with priorities and that you are strongly working together with other professionals. You are a specialist in your area of expertise. A constant focus on customers and integrity and is part of everything we do.

The successful candidate is likely to fulfill most of the following job requirements:

- Bachelor or Masters' Degree in Accountancy, Business Economics or similar field;
- The ideal candidate has 1 - 5 years of working experience at an accounting firm with a focus on financial accounting with the ambition to make a career in finance;
- Self-starter who is passionate about his/her work and has a 'can do' mentality;
- Continuous drive to improve processes, reporting & management information and has strong problem-solving and analytical skills;
- Excellent written and verbal communication skills in both English and Dutch;
- Knowledge of Dutch GAAP; IFRS or foreign GAAP would be a pre;
- Knowledge of client accounting applications; Exact Online and Caseware would be a pre.

**What we value:**

He who does not advance, goes backwards. And going backwards is not the way to go at Corpag. We want to go forward. Grow. Spread our wings. Safeguarding our existence while looking ahead. That also entails planning ahead.

At Corpag we attach great value to the competences of our employees. We expect you are familiar with our shared priorities and that you are strongly working together with others. You are a specialist in your area of expertise. A constant focus on integrity is part of everything we do.

**What we offer:**

- Chance to be part of a rapidly growing global organization with the highest ESG and fiscal integrity standards in our industry;
- An organization with a true 'one firm'-approach worldwide, ensuring an inclusive workspace with a diverse team of young, knowledgeable and high-achieving colleagues;
- Excellent growth and advancement opportunities and a working environment that stimulates learning and development, amongst others by having our internal education program, Corpag Academy;
- Flexibility throughout the entire organization thanks to a flat organizational structure with an always open door policy;
- Competitive salary conditions and benefits, complemented by continuous initiatives to ensure employee happiness and well-being;
- Working in well-furnished offices (subject to Covid-19 measures), located in the financials center of Amsterdam.

Location: Amsterdam.

Hours: Fulltime, 40 hours per week.
